

Additional information for the price list 2022

1 New addition to the product range

Hawa Junior 100 with SoftMove 100 soft closing mechanism – delivery starts January 17, 2022!

2 Performance guarantee / General Terms and Conditions

Hawa Junior 100 with SoftMove 100 soft closing mechanism comes with a new performance guarantee, guaranteeing incomparably low opening forces of no more than 22 Newtons. The warranty period is 15 years for private use, and 7 years for commercial use.

For this reason, the General Terms and Conditions (T&C) have been updated and the performance guarantee has been added. The performance guarantee is valid worldwide starting January 2022 with the exception of contractual partners with their registered office/domicile in the USA and the use of the products by the end user with their registered office/domicile in the USA.

The updated terms and conditions and information on the performance guarantee will also be available at hawa.com from January 2022.

3 Product range clear-outs

The articles affected by a product range clear-out are marked with “x” (x = article in liquidation) in the price lists and contain respective notes.

4 Notice product range clear-outs

The following systems will be removed from the product range in early 2023. Until then, they are regularly available.
