June 2020

Hawa – New leadership as of January 1, 2021

Gregor and Heinz Haab, CEOs of Hawa Sliding Solutions AG, are handing over the management of the company to Peter Möller and Ezequiel Di Claudio

Hawa Sliding Solutions announced today that after 20 years of success in their positions as Co-CEOs, Gregor and Heinz Haab will hand over the leadership of Hawa Sliding Solutions on January 1, 2021. Peter Möller and Ezequiel Di Claudio, two experienced and successful members of the current management team, will take over the management of the company.

Gregor and Heinz Haab will continue to shape the future of the company as members of the Board of Directors. The Haab families' unlimited commitment to continuing their entrepreneurial engagement as owners of Hawa remains.

"Haab and Hawa belong together. Also in the future. Continuity is an essential component of our company's success. That is why we are pleased to have successors from within our own ranks who will continue our work," says Gregor Haab, who will be responsible for the technical management of the company until the end of 2020.

"Our transition to the Board of Directors and thus to the strategic management of Hawa is a logical step, and one that has long been in planning," says Heinz Haab, who is currently responsible for Hawa's commercial management. "Our successors are taking over a very healthy company, and we are certain that they will lead Hawa successfully into the future."

Hawa is the technology and market leader in sliding. More than 200 employees develop, produce and market sliding hardware at two production sites in Switzerland; this technology is sold all over the world. The company has been owned by the Haab family for over 50 years.
